Dealing with the challenges of today requires problem-solvers who bring different perspectives and are willing to take risks. Alberni Low Energy Housing Society emerged out of a pursuit to inspire and support the community, and a desire for actions to speak louder than words.

At Alberni Low Energy Housing Society, we see the value in everyone. We want to be a catalyst for positive change, and we've been driven by the same ideas we initially founded ALEHS upon: support, empowerment, and progress.
